## About Company

LanceSoft's mission is to establish global cross-culture human connections that further the careers of our employees and strengthens the businesses of our clients. We are driven to use the power of our global network to connect businesses with the right people, and people with the right businesses without bias. We provide Global Workforce Solutions with a human touch.

We are appreciative and thankful to the clients and employees we work with every day that have made us a respected global workforce provider. We want the experience to be worthy of your investment, whether that investment is in capital, time, reputation, education, or skills you've acquired. We want to do right by you, create stories that you'll share with your friends, colleagues and peers.
